

PIEMONTE UNIVERSITY SYSTEM SMART CARD

Dear student,

Here's your Piemonte University System Smart Card. Since the last academic year 2007/08, as part of a program funded by the Piemonte regional government, it has replaced the traditional student card and is much more than a simple ID document at the University.

This card, not only has your photo, your enrolment and personal data on it, but it also comes with an innovative microprocessor which enables a single card to contain all the data usually stored on different cards; this way it grants you access to different services.

OVERVIEW

WHAT YOU CAN DO WITH YOUR SMART CARD

Electronic Identification by means of digital certificates. Your Smart Card allows you to safely log on to university services (web, wireless network) either on campus (rooms, labs, portal terminals) or at home. The high security level of these connections enables universities to offer on-line services which are increasingly comprehensive and fast, taking a further step towards e-government, according to Italian laws and European standards.

Canteen and catering services. Your Smart Card grants you access to students' canteens and catering services that offer special prices, according to an arrangement with EDISU, and enables you to pay for your meals thanks to a top-up electronic purse.

Special Arrangements Through your enrolment and personal data stored on the Smart Card, commercial activities (e.g. cinemas) and public institutions (e.g. museums) that have special arrangements with your University can offer you special prices and services without the need of any further checks. The Smart Card grants access to the special arrangements and some of the services of the University Centre for Sport (Centro Universitario Sportivo -CUS), to which all the students of the Politecnico are automatically enrolled.

Transport If you subscribe to the GTT (local transport company) you can use the Smart Card as a travel pass thanks to its contactless system. On the back of this information sheet you will find further information about the GTT pass.

PRACTICAL INFORMATION

- the use of the card is strictly personal, it must be taken care of and used according to the regulations for use published on the websites of the university, EDISU (www.edisu.piemonte.it) and GTT (www.gtt.to.it).
- With the card you will receive PIN and PUK codes for the digital certificate for authentication, a real digital ID for log-on to web services of the public administration and those of the universities of Piemonte. To use it you will need a Smart Card Reader (not included) and you can find the list of the compatible readers here:

www.firma.infocert.it/installazione/compatibilita.php

- if you lose your card or it is stolen go immediately to the Registrar's Office and ask for a replacement (it costs 11€) and to revoke the digital certificate. Alternatively, you can also call [800.001088](tel:800.001088), a toll free number from fixed telephones, and [06/64892907](tel:06/64892907) from mobiles.
- You must use the Smart Card in all the Students' canteens of EDISU Piemonte. In these establishments, you cannot pay cash for your meals: you need to top-up your card with sufficient credit. More information can be found on the web site www.edisu.piemonte.it or on the specific information sheet.
- If you have problems with the use or the functioning of your Smart Card, please call [800.001088](tel:800.001088), a toll free number from fixed telephones, and [06/64892907](tel:06/64892907) from mobiles.
- If you have any suggestions, observations, ideas or need further explanations please send an e-mail to smartcard@studenti.polito.it or check the website <http://didattica.polito.it/smartcard.html>

GTT TRAVEL PASS FOR UNIVERSITY STUDENTS 2008/09

GTT provides specially priced travel passes for university students who have enrolled at the Schools of the University System of the Piemonte region.

33% discount with Piemonte Regional Government funding

Thanks to a subsidy from the Piemonte Regional Government, students of the University and of the Politecnico can buy a specially priced 12 or 10-month travel pass with a further 33% discount. University students who purchase a specially priced Formula travel pass and students over 26 can also benefit from a 33% discount applied to ordinary fares for annual passes for the urban network and Formula integrated area.

How to store a GTT travel pass on the university Smart Card

Thanks to wireless technology, your University Smart Card can store a GTT travel pass (valid on urban and sub-urban networks) and personal and enrolment data on a single card. The University System Smart Card is given to all students who enroll at the University for the first time.

The procedure is only possible at the Enrolment Points of the University and of the Politecnico, where GTT desks are also available: at the Politecnico di Torino – corso Castelfidardo 39, from 8th September until 30th October 2008.

After the enrolment procedure, the student is given the University Smart Card and can buy a GTT travel pass. The Smart Card will then be activated to access the GTT transport services. Students who are not in their first year and already have a Smart Card can renew their subscription to the GTT services through the ticket machines at underground stations or GTT desks.

NASCE IL NUOVO MOVIMENTO STUDENTESCO

Un corteo di studenti e insegnanti
si sta muovendo senza auto
per cambiare aria in città.
E' l'inizio di una nuova rivoluzione culturale.
