

PIEMONTE UNIVERSITY SYSTEM SMART CARD

Dear student,

Here's your Piemonte University System Smart Card, which in the last academic years, as part of a program funded by the Piemonte regional government, has replaced the traditional student card and is much more than a simple ID document at the University.

This Card contains not only your photo, your personal and student data, but also an innovative microprocessor in which are stored all the data usually registered on different cards.

YOUR SMART CARD

WHAT YOU CAN DO WITH YOUR SMART CARD

Inside Politecnico di Torino...

Electronic Identification by means of digital certificates. Your Smart Card allows you to safely log on to university services (web, wireless network) either on campus (rooms, labs, portal terminals) or at home. The high security level of these connections enables universities to offer on-line services which are increasingly comprehensive and fast, taking a further step towards e-government, according to Italian laws and European standards.

Canteen and catering services. Your Smart Card grants you access to students' canteens and catering services that offer special prices, according to an arrangement with Ente Regionale per il Diritto allo Studio Universitario (EDISU), and enables you to pay for your meals thanks to a top-up electronic purse.

Sport facilities – CUS Torino. The Smart Card grants access to the special arrangements and some of the services of the Centro Universitario Sportivo –CUS (University Sport Centre), to which all the students of the Politecnico are automatically enrolled.

...and outside

You can use your Smart Card also for

- **GTT Transport Pass** (special fares for university students)
- **PYOU Card** (services and access to cultural attractions and facilities)
- **Bike Sharing [TO]BIKE**

PRACTICAL INFORMATION
