**PLEASE NOTE:** this Article does not apply to Students who are non-EU citizens not residing in Italy and enrolled at Politecnico in a.y. 2020/21 for the first time.

**Article 5. Tuition fees for non-EU citizens not residing in Italy and enrolled for the first time in a Bachelor's or in a Master's degree programme in a.y. 2020/21**

1. If you are a Student enrolled in a Bachelor's or in a Master's degree programme for the first time in a.y. 2020/21 and your home Country is one of the Least Developed Countries (LDCs) as identified by the MIUR (Ministry of Education, University and Research) with Ministerial Decree no. 62 of 06/05/2020, you are not required to pay the comprehensive fee. The list of the LDCs as identified by the MIUR for a.y. 2020/21 is also available in Annex A of the present Guide.
2. If you are a non-EU citizen, not residing in Italy and your home Country is NOT one of the LDCs listed in the previous paragraph, you are required to pay a tuition fee amount based on your country of origin. The detail of the fee amounts is available in Annex B of the present Guide. You can submit an ISEE Parificato if the flat range payment scheme is applicable for your home Country. In this case, the fee due amount is based on your contribution level as provided for in the Tables 3 and 6 of Articles 53 and 54 of the present Guide. In any case, this fee amount can never be lower than the minimum amount of the flat range foreseen for your Country of origin.
3. Further information about the Application for tuition fee reduction by means of ISEE Parificato is available in Article 42 of the present Guide.

#### **Article 6. Tuition fees for Bachelor's first-year students (first-time enrolment in a Bachelor's degree programme)**

1. If you are under conditional enrolment for a.y. 2020/2021 (i.e., if you have not earned your high school diploma yet or you are currently enrolled at another university), you have to pay € 200.00 as first instalment of the comprehensive fee.  
This amount will not be refunded if your conditional status is not lifted and you do not confirm your enrolment at Politecnico.
2. If you pass the TIL-I/TIL-D/TIL-P/TIL-LP admission test and you enrol for the first time in a Bachelor's degree programme at Politecnico di Torino by 25<sup>th</sup> August 2020, you will get a € 70.00 reduction off the comprehensive fee (except for candidates who are exempted from taking the TIL test).

2. You can apply for tuition fee reduction by submitting your ISEE/ISSEU declaration issued by INPS regardless of your enrolment workload (see following sections for further information). In this case, you will be charged the most favourable tuition fee amount between the fixed fee and the tuition fee calculated on your contribution level.

#### **Article 8. Tuition fees for students enrolling in a Bachelor's degree programme and in a Master's degree programme during the same academic year (2020/2021)**

1. If you enrol in a Bachelor's degree programme in a.y. 2020/2021 and, after graduation, you enrol in a Master's degree programme in the same academic year, you can choose between a full-time or part-time enrolment workload.  
Please note that your Master's enrolment workload (full-time or part-time) must be the same as your Bachelor's enrolment workload.

You can find enrolment workloads, payment terms and due amounts in the table below:

Enrolment workload in Bachelor's degree programme and subsequent enrolment workload in Master's degree programme	Payment terms	Amount due for enrolment in Master's degree programme

2. You must apply for tuition fee reduction before registering for the Bachelor's Final Examination and before the deadlines referred to in Section 3. You will not be able to apply for tuition fee reduction after enrolling in your Master's degree programme.
3. If you enrol in your Bachelor's degree programme over the fifth time in a.y. 2020/2021 and after graduation you enrol in a Master's degree programme during the same academic year, the extra charge (15/25%) applied to the second instalment of your tuition fees (in accordance with Article 53 Table 5 or Article 54 Table 8 will be refunded to you after you enrol in your Master's degree programme.
4. If you meet the requirements referred to in Section 2 after you enrol in your Master's degree programme, your tuition fees are calculated as follows: (comprehensive fee due for your Bachelor's degree programme / 2) + (comprehensive fee due for your Master's degree programme / 2) + extra-Poli fees. The difference (if any) will be paid before the deadline for the second instalment (30<sup>th</sup> March 2021).
5. Students awarded in a.y. 2020/21 an EDISU scholarship for the enrolment in a Bachelor's degree programme but not for the enrolment in a Master's degree programme, must pay the second instalment according to their final contribution level.

#### **Article 9. Tuition fees for students transferring from another university and enrolling in a Master's degree programme in the second semester of a.y. 2020/2021**

1. If you enrol for the first time in a Master's degree programme at Politecnico di Torino in second semester, you can choose your enrolment workload (full-time or part-time).
2. In both cases, you must pay the two instalments of your tuition fees. You must pay your first instalment upon enrolment according to the tables of Section 4 and you will be assigned the highest contribution level (level 75). You will be able to apply for tuition fee reduction as described in Section 3 of this Guide and you will pay the second instalment according to the deadlines referred to in Section 4 of this Guide.

#### **Article 10. Tuition fees for students enrolling in single courses**

1. If you enrol in single courses, you must pay a fixed fee and a variable fee, depending on the number of academic credits (CFU) you want to purchase.
2. The fixed fee is € 351.58 (including revenue stamp and insurance); the cost of every academic credit is € 16.00.
3. If you have been admitted to a Master's degree programme and you need to make a double enrolment for a.y. 2020/2021 (i.e., you must first enrol in single courses in order to make up for your unfulfilled academic requirements, and then enrol in a Master's degree programme), the fixed fee paid for single course enrolment will be deducted from the tuition

fees due for your Master's degree programme up to a maximum of € 335.58 (the € 16.00 revenue stamp cannot be deducted). The amount of the fixed fee will be transferred to your student's virtual account by the deadline for paying the second instalment. If you withdraw from studies before the deadline for second instalment, the fixed fee amount will not be higher than the comprehensive Poli fee you already paid.

The fixed fee cannot be refunded if:

- a) You have a full tuition fee exemption;
  - b) You decide to enrol in a Master's degree programme other than the programme you had initially chosen (you were enrolled in single courses to make up for your unfulfilled academic requirements for admission to a certain Master's degree programme but eventually enrol in another Master's degree programme);
4. Students with refugee status or subsidiary/humanitarian protection who enrol in single courses must pay their tuition fees in accordance with Article 15 of this Guide.

### **Article 11. Students revoking or renouncing their E.Di.S.U. benefits**

1. If you revoke or renounce your EDISU student benefits, you must pay your tuition fees for the year of revocation or renunciation in accordance with your contribution level.
2. It is Politecnico's responsibility to inform you if you lose your tuition fee exemption. Politecnico will send an e-mail to your PoliTo mailbox (s<matricola>@studenti.polito.it). You are required to pay your outstanding debt within one month.
3. Politecnico can place or remove a hold on your academic progress upon request of E.Di.S.U. if you have any outstanding debt with this institution.

### **Article 12. Alta Scuola Politecnica (ASP) students**

1. If you are participating in the ASP programme (Alta Scuola Politecnica), you do not have to pay your tuition fees for the entire duration of the programme (two academic years). You just have to pay the extra-Poli fees referred to in Article 2. If you lose your ASP student status, you must pay your tuition fees retroactively (i.e. for those years in which you had a full tuition fee exemption). In this case, your tuition fees will correspond to your current contribution level. If you had not applied for tuition fee reduction, you will be assigned the highest contribution level.
2. If you lose your ASP student status, you will receive an e-mail into your official Polito mailbox s<matricola>@studenti.polito.it) and you will have to pay your tuition fees within one month.
3. Given all the above, we suggest you to apply for tuition fee reduction in order to pay your tuition fees according to your correct contribution level.
4. If during the same academic year you enrol in a Bachelor's degree programme, and then you enrol in a Master's degree programme and achieve the ASP student status, you will be reimbursed for the second instalment of the tuition fees paid for your Bachelor's degree programme. This applies only if you attended your Bachelor's degree at Politecnico.

In order to do this, you must open a ticket on your personal page of the Teaching Portal, select the "TUITION FEES" topic and send the QR code of your teacher card.

## Article 15. Students with tuition fee exemption

1. Some students are exempted from paying their tuition fees, but still have to pay the extra-Poli fees, which Politecnico collects and transfers to other institutions, as indicated in Article 2.

## Article 18. Tuition fee payment options

Any payment must be made through the PagoPA platform available at Online Services – Tuition fees and payments – Pay your Tuition fees (Segreteria online – Tasse e Pagamenti – Pagamento Tasse). You can choose one of the following payment methods:

- **Quick payment:** Credit card, online bank transfer or any other available payment method. Please note: the PagoPA platform (online electronic payment to the Public Administration) may not authorize payments by Credit Card of over € 1,000. In this case, you will have to make different partial payments. You will have to type the amount of each partial payment in the relative field (“importo versamento”).
- **Deferred payment:** you must generate a MAV (Modulo Avviso Pagamento / electronic deposit slip). You can pay your MAV at any bank counter or through the online banking service of your bank. The payment is automatically recorded within 24-48 hours of the date of payment. For any other operation requiring a simultaneous payment (for instance, first enrolment/enrolment for a new academic year, Final Examination registration) you must declare the date of payment: log in to the enrolment/registration procedure again and click the Register MAV button. Please note that if you pay your MAV after 5.00 p.m., the bank might not record your payment on the same day (you must verify with your bank their recording schedule). This could be a problem if you pay on the deadline date (late penalties fees might be applied for late payment).

## Article 19. Failure to pay or late payment of tuition fees – hold on your academic progress

1. If you do not pay your tuition fees by the deadline for second instalment, or if you pay less than the amount due, a hold will be placed on your academic progress and you will not be able to perform any further operations (exams, withdrawal from studies, etc.). The hold will be removed upon full payment of your outstanding debts. If you are placed on a hold, all your exam registrations are cancelled and you cannot register for any exam until your payment has been recorded.
2. The fee charged for removing the hold is € 10, if you pay within the first 15 days of the deadline. If your payment takes place after the 15<sup>th</sup> day, you will be charged an additional cost (10% of your debt).
3. The fee charged for removing the hold must be paid by 31<sup>st</sup> May 2021 (or before the registration deadline for the Final Examination, if this is earlier).
4. If you are placed on a hold, you will receive an e-mail into your PoliTo mailbox ([s<matricola>@studenti.polito.it](mailto:s<matricola>@studenti.polito.it)).
5. You will have to pay your outstanding debts even if you incur in automatic forfeiture (i.e., if you are considered to have forfeited and cannot continue your studies in the same academic path).

## **Article 20. Failure to pay or late payment of other debts –hold on your academic progress**

1. All outstanding debts in your virtual account (for example: costs for a replacement smart card, IELTS registration fee...) must be settled by 31<sup>st</sup> May 2021 (or before the registration deadline for the Final Examination, if this is earlier). If you do not pay your outstanding debts, a hold will be placed on your academic progress and you will not be able to perform any further operations (exams, withdrawal from studies, etc.).The hold will be removed upon full payment of your outstanding debts. If you are placed on a hold, all your exam registrations are cancelled and you cannot register for an exam until your payment has been recorded.
2. If you are placed on a hold, you will receive an e-mail into your PoliTo mailbox ([s<matricola>@studenti.polito.it](mailto:s<matricola>@studenti.polito.it)).
3. You will have to pay your outstanding debts even if you incur in automatic forfeiture (i.e., if you are considered to have forfeited and cannot continue your studies in the same academic path).

## **Article 21. Students' virtual account**

1. When you enrol at Politecnico, you establish a system of economic relations similar to a bank account with Politecnico. This economic relation system is called "student's virtual account". This means that when you pay something to Politecnico (i.e., when you pay the second instalment of your tuition fees, when you ask for a replacement smart card ...), you owe money to Politecnico; on the other hand, under other circumstances you can become a creditor of Politecnico (i.e., if you obtain tuition fee reimbursement for academic merit).
2. All debits and credits, as well as money transfers, are recorded into your virtual account. You can check it by logging in to your personal page of the Teaching Portal – *Segreteria on-line/Online services – Tuition fees and payments – Pay your tuition fees*.
3. Any money you transfer to your virtual account automatically first settles your outstanding debts. For instance, if you intend to pay the second instalment of your tuition fees and you transfer the corresponding amount of money into your student's virtual account but your account has a negative balance due to other outstanding debts with previous deadlines, the money you transferred will settle these previous debts or part of these debts. This means that the second instalment of your tuition fees remains partially or totally unpaid. When the deadline for the second instalment expires, a hold will be placed on your–academic progress and you will be charged a late penalty fee in accordance with Article 19.

## **Article 22. How to claim a refund**

1. If your virtual account has a credit balance, you can claim a refund following the online procedure available on your personal page of the Teaching Portal – *Segreteria online – Tuition fees and payments – Pay your tuition fees*. In any case, at the end of every academic year, Politecnico will refund all students who have graduated during the year and who are not continuing their studies at Politecnico, if their virtual account has a credit balance.
2. You can receive refunds from Politecnico only if you have chosen a payment method by entering this information on your personal page of the Teaching Portal – *Segreteria online – Tuition fees and payments*.
3. The options for reimbursement are the following:
  - a) Bank or Bancoposta transfer: you must be the holder or co-holder of a bank account and you must indicate its IBAN code in order to receive the refund.
  - b) Cash: as soon as money is available, you will receive an e-mail in your PoliTo mailbox with the instructions for collecting your refund. You must go to a UniCredit bank counter with your identity card and your fiscal code in order to get your money.
4. If your credit is € 1.000.00 or greater, money can be refunded by bank transfer only, in accordance with Article 12 of Decree-Law No. 201 of 6<sup>th</sup> December 2016.
5. If you do not enter your bank details correctly or if you do not withdraw your cash by the deadline, a new refund is not automatic and you need to make a new refund request.

If you have not been assigned your final contribution level for a.y. 2020/2021 by the time you apply for a transfer, you must pay the first instalment of your tuition fees based on the highest contribution level (see Article 41.1.c), unless you have applied for tuition fee reduction before your transfer application.
3. Students who interrupted their career for one or more academic years must pay the recognition fee stated in Article 28 and register part-time in the academic year 2019/2020 by paying the tuition fee according to their economic level. Upon registration they can send their ISEE to the office Tuition Fee by Ticket. Otherwise they will have to pay the tuition fee according to economic level 75.

### **Article 29. Internal transfer – charge for unfinished procedure**

1. If you apply for an internal transfer but you do not eventually confirm it, you will be charged a fee for the evaluation of your previous academic records (€ 50.00).
2. If you apply for an internal transfer to the Bachelor's degree programme in Architettura - Architecture and, upon evaluation of your previous academic records, you are exempted from taking the online admission test (see Article 10 of the Call for applications for admissions to the Bachelor's degree programmes in Architettura-Architecture), you are entitled to the reimbursement of the admission test registration fee you eventually paid.

### **Article 31. Tuition fee reduction based on academic merit**

1. If you are enrolled in a Bachelor's or in a Master's degree programme and you have a high academic performance (measured with the score described below), you class as high-achieving student. In this case, you can get a tuition fee reduction of € 200.00 as follows:
  - I. A reduction of the comprehensive fee due amount based on your final contribution level (but you will still have to pay the extra-Poli fees: revenue stamp, regional tax and insurance).
  - II. A scholarship, if you are exempted from paying the comprehensive fee, or if your comprehensive fee due amount is lower than € 200,00. Detailed information about the payment of your scholarship is available in the section Online Services – Tuition fees and payments – Pay your Tuition fees (Segreteria online – Tasse e Pagamenti – Pagamento Tasse)
2. If the first instalment of your tuition fees is reduced down to zero due to this merit-based reduction, you still have to pay the € 16.00 revenue stamp upon enrolment.
3. In order to calculate your merit score, Politecnico takes into account the exams you passed from 10th August 2019 to 10th August 2020. Exams taken during a closed university path,

although already recognized by Politecnico (e.g., credit transfer exams) are not taken into consideration for this calculation.

4. The score is calculated as follows: a) multiply the number of credits of every exam passed at Politecnico in the above-mentioned period by its grade (please consider that pass-or-fail exams are assigned the weighted average grade of the other exams); b) add the results of these products.
5. In order to obtain a merit-based reduction, you need to get at least 1225 points if you are a first-year student in a.y. 2019/2020 or at least 1525 points if you are a continuing student (enrolled in year two or beyond).
6. You are entitled to obtain a merit-based reduction if you reached the above-mentioned score in a.y. 2019/2020, provided that you are enrolled at Politecnico as a full-time student for a.y. 2020/2021. If you were a third year Bachelor's student in a.y. 2019/2020, you can get this merit-based reduction for a.y. 2020/2021 only if you enrol in a Master's degree programme during a.y. 2020/2021. In this case you can get this reduction after enrolling in your Master's degree programme.
7. Any exams passed in order to make up for unfulfilled academic requirements do not count towards this score.
8. This procedure (calculation of your merit score and refund on your virtual account or scholarship payment) is automatic. The calculation of your reduction is based on your final contribution level or, if this is still unavailable, on your provisional contribution level. When your final contribution level becomes available, possible adjustments are applied to the second instalment of your tuition fees, after 15th March 2021.
9. You can get a merit-based tuition fee reduction for no more than three times if you are enrolled in a Bachelor's degree programme (the third reduction is possible only if you have already enrolled in a Master's degree programme). Merit-based tuition fee reduction can be offered one time only to second-year Master's students.
10. Double enrolment: you may make a double enrolment for a.y. 2020/21 (i.e., you first enrol in a Bachelor's degree programme and then you enrol in a Master's degree programme) and you may obtain the merit-based reduction upon enrolment in your Master's degree programme. If you withdraw from your Master's degree programme before 30th June 2021, your merit-based reduction will be revoked.
11. You cannot earn any merit-based tuition fee reduction if:
  - a) you have a part-time enrolment workload;
  - b) if you are enrolled in a programme with specific economic regulation.
12. If you withdraw from studies before the deadline for paying your second instalment, your merit-based tuition fee reduction cannot be higher than the comprehensive fee you actually paid.

*Example of calculation*

Bachelor's degree programme = B	
Merit obtained in 1 <sup>st</sup> year	Fee reduction in 2 <sup>nd</sup> year B
Merit obtained in 2 <sup>nd</sup> year	Fee reduction in 3 <sup>rd</sup> year B
Merit obtained in 3 <sup>rd</sup> year	Fee reduction in 1 <sup>st</sup> year M
Master's degree programme = M	
Merit obtained in 1 <sup>st</sup> year	Fee reduction in 2 <sup>nd</sup> year M

**Article 32. Outgoing students: calculation of academic merit for the attribution of benefits referred to in Article 31 and 34**

1. If you are an outgoing student participating in a mobility programme abroad or in a specific international educational path, some of the exams you took abroad may not be recorded by 10<sup>th</sup> August 2020. In this case Politecnico calculates your merit score for the attribution of the benefits referred to in Article 31 and 34 in accordance with the criteria mentioned in the next paragraphs. In any case, you can receive the above-mentioned student benefits only after you exams are recorded in your transcript.
2. If your mobility programme ends before 10<sup>th</sup> August 2020, your merit score is calculated on all validated exams.
3. If your mobility programme ends after 10<sup>th</sup> August 2020, your merit score is calculated proportionally to the credits you earned during your mobility programme.
  - a. The number of credits is calculated as follows:  $(\text{total number of validated credits}) / (\text{total number of mobility days}) * (\text{number of days from the first mobility day to 10}^{\text{th}} \text{ August 2020})$
  - b. For the calculation of the score for merit-based reduction (Article 31): credits calculated with the method illustrated under letter a) are assigned a grade corresponding to the average grade of all the exams taken during the mobility programme and recognized by Politecnico.

## SECTION 2

### **Article 33. Tuition fees for students who meet the requirements of the 2017 Budget Law (Law no. 232 of 11<sup>th</sup> December 2016) integrated by the resolutions of the Board of Directors of 27<sup>th</sup> February 2018 and 14<sup>th</sup> July 2020**

1. If you are enrolled in a Bachelor's or Master's degree programme and you meet **all** the requirements listed in the next articles (income, number of earned credits, number of years of enrolment), you can be exempted from paying your comprehensive fee, or, you pay the comprehensive fee amount established by the above-mentioned Budget Law and BoD resolution. In any case, you must pay the extra-Poli fees (regional tax, revenue stamp, insurance – these are called extra-Poli fees in the tables below). Your ISPE value (Indicatore della Situazione Patrimoniale Equivalente) is not is not relevant.

This payment scheme applies both to part-time and to full-time students (for part-time students Politecnico calculates the tuition fees according to the following Tables and Articles 4 and 6; the student will be charged the most favourable amount).

## SECTION 3

### Article 35. Tuition fee reduction

1. If you are enrolled in a Bachelor's degree programme or in a Master's degree programme, you can get a tuition fee reduction provided that you apply for it. You must submit your application for tuition fee reduction every academic year.
2. If you do not apply for tuition fee reduction, you must pay your tuition fees based on the highest contribution level (75).
3. You can apply for tuition fee reduction upon enrolment (see Article 41) or at a later stage. You must submit your application online from Segreteria online – Tuition fees and payments – Apply for tuition fee reduction – see Article 42. You need to have an ISEE declaration issued by INPS for “prestazioni per il diritto allo studio universitario” (services for the right to university education) in order to fill out your application.
4. If you are a non-EU citizen or an EU citizen with a family unit that does not generate income in Italy (or not totally in Italy), you must have the “Indicatore Sostitutivo dell'ISEE” (Substitute value for the ISEE indicator), called ISEE Parificato.
5. You can get a tuition fee reduction if your family's Equivalent Economic Situation Indicator (ISEE) does not exceed the limit of € 85.500,00 and if your family's Equivalent Property Situation Indicator (ISPE) does not exceed the limit of € 200.000,00.
6. These indicators have the following acronyms:

ISEE Universitario ISEEU ISEEUP		≤ 85.500,00 €
ISPE ISPEU ISPEUP	<i>This value is calculated by dividing the ISP (Property Situation Indicator) by the Equivalence Scale</i>	≤ 200.000,00 € *

\* This indicator is not taken into account if you meet the requirements listed in section 2.

7. To apply for tuition fee reduction, you can use your ISEE Universitario based on a *Dichiarazione Sostitutiva Unica* (DSU) which must be valid at the date of your application.
8. To apply for tuition fee reduction, you can use your ISEE Parificato issued during the academic year for which you intend to request the reduction (see Articles 38.41.42.43).

### Article 36. Students who are not eligible for tuition fee reduction

### Article 37. ISEE Universitario

You will have to fill out the DSU form and you will receive a copy of it. The authorized office will later send your DSU to INPS (*Istituto Nazionale di Previdenza Sociale*/ National Institute for Social Security) for the calculation of your ISEE.  
After you fill out your DSU form, you must apply for tuition fee reduction from your personal page of the Teaching Portal.
2. The ISEE declaration will be issued by INPS within 15 working days.

### **Article 38. ISEE Parificato (for non-Italian students)**

1. If you are a non-EU citizen or an EU citizen with a family unit that does not generate income in Italy (or not totally in Italy), you must ask for the ISEE Parificato from a CAF (*Indicatore Sostitutivo dell'ISEE*/ Substitute value for the ISEE indicator).
2. If you are a non-EU citizen and if in your home Country a flat tax system is adopted, you can apply for tuition fee reduction using your ISEE Parificato. The tuition fee reduction will not in any case be lower than the minimum amount referred to in Article 5 (see Article 5 of this Guide for further information).
3. EDISU Piemonte will identify the CAFs that can issue the ISEE Parificato in Piemonte. The list of these CAFs will be published at: [https://didattica.polito.it/tasse\\_riduzioni/](https://didattica.polito.it/tasse_riduzioni/).

### **Article 39. Independent students (for ISEE purposes)**

1. You class as independent student if you simultaneously meet the following two requirements:
  - a) you have been living in a different house from that of your family of origin for at least two years at the moment of your application submission and the house you have been living in does not belong to your family;
  - b) you have been generating and declaring an income above € 6.500,00 deriving from an employment contract or likewise, for at least two years.
2. If you live in a different house from that of your family of origin, but you do not meet either one or both the above-mentioned requirements, you do not class as an independent student. In this case, you must refer to the financial and patrimonial condition of your family of origin.
3. Independent students are required to send a ticket (select the "Tuition fees" topic) before they apply for tuition fee reduction in order to verify if they actually meet the requirements mentioned in paragraph 1.

### **Article 40. How to apply for tuition fee reduction**

1. You can apply for tuition fee reduction ONLY online, upon enrolment (see Article 41) or at a later stage. You must follow the guided procedure available on your personal page of the Teaching Portal / *Portale della Didattica* (as explained in Article 42).

3. Politecnico reserves itself the right to check the values of your ISEE Universitario/Parificato. Should any errors or inconsistencies be found, you will be informed by e-mail only. You will receive this message in your PoliTo mailbox (s<matricola>@studenti.polito.it).
4. If for any reason you cannot submit your application before the deadline, you are required to report your problem and send a ticket from your personal page (select the "Tuition fees" topic and the "ISEE declaration" subtopic).

### **Article 41. Applying for tuition fee reduction upon enrolment**

1. You can apply for tuition fee reduction using your **ISEE Universitario**. The application can be submitted upon enrolment (when you first enrol at Politecnico or when you enrol for a new academic year).   - a. **If you give your consent and a valid ISEE Universitario is retrieved from the INPS database, you will be assigned your final contribution level.**
    - i. If you are a first-year student, you are required to pay € 200.00 for the first instalment of your tuition fees.
    - ii. If you are a continuing student, you are required to pay the first instalment of your tuition fees according to your final contribution level.

- b. **If you give your consent but a valid ISEE Universitario is NOT retrieved from the INPS database, you will be assigned a provisional contribution level as follows:**

- i. If you are a first-year student, you are provisionally assigned the highest contribution level and you are required to pay € 200.00 (first instalment).

- ii. If no valid ISEE Universitario is retrieved, your provisional contribution level will be revoked before 18<sup>th</sup> January 2021 (you will receive an e-mail in your PoliTo mailbox: s<matricola>@studenti.polito.it). In this case, you can apply for tuition fee reduction in second semester following the instructions illustrated in Article 42.1 and according to the deadlines of Article 43.

If you are a continuing student applying for a transfer or for a withdrawal from studies but you have not been assigned your final contribution level for a.y. 2020/2021 by the time you submit your application, your first instalment will correspond to the highest contribution level. If you pay a lower amount but you are eventually assigned to a higher contribution level, you are required to pay the difference between the provisional level and the final level when you leave Politecnico.

- c. **If you do NOT give your consent, you will be assigned the highest contribution level.**

- i. If you are a first-year student, you are required to pay € 200.00 for the first instalment of your tuition fees.
- ii. If you are a continuing student, you are required to pay the first instalment of your tuition fees according to the highest contribution level.

You can still apply for tuition fee reduction at a later stage in accordance with the instructions of Article 42.1 and the deadlines of Article 43. If you do not submit any application for tuition fee reduction, you will be irrevocably assigned the highest contribution level.

2. If you apply for tuition fee reduction using your **ISEE Parificato**, you have the following options:

- a. If you are a continuing student (enrolling in year 2 or beyond) you can apply for tuition fee reduction upon enrolment by confirming the economic data you declared in previous academic years.
  - i. **If you confirm your previous economic data**, your final contribution level will correspond to last year's level. You are required to pay the first instalment of your tuition fees accordingly.
  - ii. **If you do NOT confirm your previous economic data**, your contribution level will be the highest one and you will have to pay the first instalment of your tuition fees accordingly. You can still apply for tuition fee reduction at a later stage in accordance with the instructions of Article 42.2 and the deadlines of Article 43.
- b. If you are a first-year student (first-year enrolment in any degree programme) or if you are moving from Bachelor's level to Master's level, you are required to pay € 200.00 for the first instalment of your tuition fees. You can apply for tuition fee reduction at a later stage in accordance with the instructions of Article 42.2 and the deadlines of Article 43.
