GUIDO SARACCO
Rettore

Annex "A" –

Rector's Decree n. 896/2021

ART. 11 (Single course enrolment)

You can enrol in some of the single courses of this Specializing Master's programme, without enrolling in the entire programme, provided that you meet the requirements prescribed for the programme (ART. 4 – Admission Requirements).

The list of the Specializing Master's courses available for single course enrolment is available in Table n.3 – *Single courses*.

Each single course is open to a maximum of **5** participants.

Deadlines and instructions to apply will be available starting approximately from the end of October on the Specializing Master's programme's webpage where you can find the courses' schedule: https://didattica.polito.it/master/climate_change/2022/single_course.

You can apply for admission for a single course **ONLY** through the Application Form available at: https://didattica.polito.it/master/climate_change/2022/how_to_apply.

You will be admitted to enrol in single courses on a first come first served basis, up to the maximum number of participants.

In order to be admitted to the final exam(s) you are required to attend activities for at least 85% of the course(s) you are enrolled in. If you fail the exam, you can arrange a make-up exam directly with the professor responsible for the course. You can take a make-up exam just once.

Participation fee for single course enrolment are composed of a fixed fee (21,00 Euro)¹ plus the cost of the course that you want to purchase. The fixed fee is valid for one academic year. This means that if you enrol in more than one single course you will have to pay the fixed fee just once.

We remind you that:

- Single course enrolment is incompatible with your enrolment at any other Italian university: you are not allowed to be enrolled in another degree programme at another Italian university;
- Single course enrolment is valid for the academic year 2021/22 (one edition of the Specializing Master's programme): this means that the course's exam must be taken and passed by the end of the last exams session of the Master's programme. If you do not take/pass the exam within the due date, you will automatically purchase the enrolment to the course for the (potential) next edition, in order to take and register the exam.
- Single courses' students do not contribute to the minimum number of participants required to the activation of the Master's programme, and they can be admitted in excess. If the Master's

¹ 16,00 Euro enrolment revenue stamp + 5 Euro premium for accident insurance. The insurance premium may change due to the stipulation of a new insurance contract.

programme will not start, neither will the single courses.

- The enrolment to a single course can be denied even if the maximum number of participants of that course has already been reached.
- To receive the certificate of attendance it is required an attendance for at least 85% of the purchased course.
- To receive the certificate stating the advancements, credits and the scientific field you must have passed the course's exam.
- Single course's students can award the maximum number of 40 credits per academic year.

Single courses' enrollees are subjected to the regulation of the "Regole Operative per la gestione dei Master universitari e corsi di Formazione Permanente" (approved by the School Board on the 25th March 2020) available at the page <https://didattica.polito.it/master/home/it/legislazione>

Table n. 3 – Single courses

N.	Course	ECTS	Hours	Euro	Campus
1	An Introduction to Climate Change	3	30	270	LINGOTTO
2	Earth Observation and Climate Monitoring	3	30	270	LINGOTTO
3	Climate Policy, Economics and Finance	3	30	270	LINGOTTO
4	Energy Transition and Global Sustainability	2	20	180	LINGOTTO
5	Carbon Capture and Negative Emission Technologies	2	20	180	LINGOTTO
6	CO2 and H2 Underground Storage	2	20	180	LINGOTTO
7	Carbon Footprinting and Carbon Trading	2	20	180	LINGOTTO
8	Sustainable Transport Systems	2	20	180	LINGOTTO
9	Energy-Efficient Buildings	2	20	180	LINGOTTO
10	Renewables	2	20	180	LINGOTTO
11	Climate-Resilient Cities and Communities	3	30	270	LINGOTTO
12	Coping with Extreme Events	3	30	270	LINGOTTO
13	Food-Water Nexus in a Changing Climate	3	30	270	LINGOTTO
